

Priefert®

DOG KENNELS

Priefert's Professional Grade Premier Kennels meet and exceed the durability requirements of professional boarding operations, breeders, trainers, and animal hospitals. Designed and built to provide many years of trouble-free operation, our Premier Kennels are a great option for professionals and individual pet owners. These kennels include unique features that enhance ease of assembly, versatility, durability, and animal safety.

Priefert.com | 800-527-8616

Simply the *Safest, Most Durable* Kennel on the Market

NO Tools Required

Standard Connectors

Raised Bottom Rail

Lockable Door Latch

Defy The Elements

Priefert uses galvanized steel tubing and heavy eight gauge 2" x 4" galvanized welded wire. Then, an architectural grade powder coating with UV inhibitors is applied over the galvanized metal to provide two lines of defense against the elements. This process ensures maximum rust protection from animal urine and cleaning compounds. No tools are required for the assembly of our kennels. Standard connectors offer versatility for single or multiple freestanding units. Special connectors may be ordered for attachment to walls or posts.

Kennel Kits

PRODUCT #: KK610101

PRODUCT #: KK65101

Add-On Kennel Kits

Priefert has made it easier than ever to create the kennel configuration you need. Our "Add-On" Kennel Kits are designed to be connected to another Priefert kennel to create a run of kennels for when you need multiple units in a single row or back to back. Each kit features a kennel front and two additional kennel panels.

KP610SBS	6 X 10 SOLID BOTTOM PANEL W/ SEAL

"Priefert kennels have sheltered our police K9's for nearly a decade now. Even after all that time, through severe Wisconsin winters and hot summers, the kennels look and perform as well as the day they were installed. The panels and mounts have held up remarkably well. Certainly the materials and coatings that Priefert uses are of the highest quality.

We rely on our K9's to protect and serve our community and, as such, we take very good care of them. Our use of Priefert kennels has helped us to do just that. While our K9's protect our community, your kennels protect them when they return home after a hard day's work.

Thank you for manufacturing such an important and high quality product."

Lt. Steve Elliott Appleton,
Appleton, Wisconsin Police Dept.

Officer Craig Rohm & Waskos

KPP08	4 X 10 POLY
KPP10	4 X 10 POLY

Kennel Shades & Kennel Bows

Our lightweight Kennel Shades are a perfect solution for shielding your animals from the sun and wind, while still allowing air circulation. Powder coated Kennel Bows help provide support for the shade and assist in repelling rainwater.

Product #	Description
KS610	6 X 10 SHADE
KS1010	10 X 10 SHADE
KB5	5' KENNEL BOW
KB10	10' KENNEL BOW

*Available in Black or Green

Note: Priefert's kennel shades are for sun and wind protection only and are not waterproof. Priefert recommends the use of three bows per shade.
